

## In the Grace of Your Love

### The Rapture

In the grace of your love  
You don't turn me away  
In the grace of your love  
There is no other way

In the grace of your love  
Every day when I wake up  
In the grace of your love  
In the grace of your love

In the grace of your love  
I know we can find a way  
In the grace of your love  
We can find a brighter day

In the grace of your love  
Please don't turn me down  
In the grace of your love  
Oh don't push me around

In the grace of your love  
I am scared and I'm sick  
In the grace of your love  
Please don't hurt me so quick

Heaven  
Don't want you dead

In the grace of your love  
I see you shining inside  
In the grace of your love  
No one can ever die

In the grace of your love  
Every day when I wake up  
In the grace of your love  
In the grace of your love
