

## Open Up Your Heart

### The Rapture

Open up your heart  
Open up your heart  
Open up your heart  
When you're sad and lonely  
And your mind sees you only  
Take a chance you can fight it  
Open up your heart  
When your sick incomplete  
Watch the stars not your feet  
Feel the wind blow on your mind  
Now your seeing blind  
Fight the urge to say no  
Bring your friends then you'll know  
Come inside step away  
Kill your fears today  
Open up your heart  
Open up your heart  
Open up your heart  
Open up your heart  
Kick the habit you have learned  
You can do it you've been burned  
When your sick eyes need a turn  
Let the future learn  
Open up your heart
