The Coming of Spring

Get yourself together! Get out of your head Without outer persuasions You're better off dead Learn how to breathe You'd better learn how to shine These obser-ma-vations Are mah-ma-ma, mah-ma-ma Muh-ma-ma-mane

Down on your knees Pleading for life Shards of a mirror And twist of a knife So get yourself together Unwrapped ball of twine These obser-ma-vations Are mah-ma-ma, mah-ma-ma Muh-ma-ma-mine

No (One heart) no, nah-no (One heart) no, nah-no (One heart) no, nah-no (One heart) no, nah-no
