

Real Thing

The Rascals

When you find the real thing it's spring
You go and let your heart sing
When you find the real thing it's spring
So go and let your heart sing.

Hey you, laughin' boy, you're like the world's toy
Rainbows all around my heart is icting like a funny clown
Cause I see the reason why the birds can sing and people cry
Laugh on until you're free, it's funny how love can come so suddenly.

When you find the real thing it's spring
You go and let your heart sing
When you find the real thing it's spring
So go and let your heart sing.

Heartaches symphonies, everything is all the same to me
To all hearts there comes a time when all the world's a lovely
nursery rhyme
So go ahead and fly away, live to love someone another day
I'll ask tomorrow's sun to watch the one I love until I come.

I find a real, I find a real, I find a real thing, it's spring
You go and let your heart sing
I find the real thing it's spring
So go and let your heart sing.

You know sometimes a man just got to pray
Remember when we used to play
Long ago and far away.

I find a real, I find a real, I find a real thing, it's spring
You go and let your heart sing
I find the real thing it's spring
So go and let your heart sing.

Real thing, real thing, real thing
