

What Is The Reason

The Rascals

Tell me, what is the reason for falling in love?
What is the reason for falling in love?
Is it the things you do
To keep from feeling blue?
Is it because they say
That it should be that way?
No, it's you
It's only you

Tell me, what is the reason for falling in love?
What is the reason for falling in love?
Is it the magic key
That opens ecstasy?
Is it a harmless scheme
Or repetitious dreams?
No, it's you
It's only you
Yeah

Tell me, what is the reason for falling in love?
What is the reason for falling in love?
Is it the place to go
When you are feeling low?
Is it the telephone
When you are home alone?
No, it's you
It's only you
Yeah

What is the reason?
What is the reason?
What is the reason?
What is the reason?
What is the reason for falling in love?
What is the reason for falling in love?
What is the reason?
