

# If You Change Your Mind

The Raspberries

Well it's all been said, it's over now, I guess that I should leave  
'Cause there's nothin' left for me to do except to set you free  
So let me leave now before I cry, I'll just go back to my room  
and hide  
And never let no one else inside to do this again  
But if you change your mind, won't you take some time  
And let me know that you still want me too  
'Cause I'll wait night and day until you say  
That you have changed your mind, won't you change your mind  
If you should change your mind, oh yeah  
Well I tried so hard to be the one that you were dreaming of  
But I guess it wasn't quite enough to make you fall in love  
So walk away, leave me by myself and let me crawl back into my  
shell  
And be the me that I do so well before I met you  
But if you change your mind won't you take some time  
And let me know that you still want me too  
'Cause I'll wait night and day until you say  
That you have changed your mind, won't you change your mind  
If you should change your mind, oh yeah  
I'll be waitin' at home, just call me up on the phone  
And I'll be by your side, there's no reason to hide  
If you need me just call, don't you worry at all  
But if this is the end and I can't see you again  
I just can't carry on, it's so hard when you're gone  
It's so hard when you're gone, oh oh, oh oh, oh no, oh  
Baby don't leave, oh baby, baby don't go, oh baby don't go  
But if you change your mind, won't you take some time  
And let me know that you still want me too  
'Cause I'll wait night and day until you say  
That you have changed your mind, won't you change your mind  
If you should change your mind, oh yeah  
But if you change your mind, won't you take some time  
And let me know that you still want me too  
'Cause I'll wait night and day until you say  
That you have changed your mind, won't you change your mind  
If you should change your mind, oh yeah  
But if you change your mind, won't you take some time  
And let me know that you still want me too  
'Cause I'll wait night and day until you say  
That you have changed your mind, won't you change your mind  
If you should change your mind oh yeah
