

# It Seemed So Easy

The Raspberries

It Seemed So Easy  
Raspberries  
by David Smalley & Eric Carmen  
Remember our love, babe  
Remember the good days  
The days when we both  
Thought it would stay  
Just thinkin' about you  
So warm there beside me  
I'd look in your eyes  
And then you'd say  
Words of love to me  
Of how it would always be  
And how the cloudy days  
Had all gone by  
But now I'm wonderin', babe  
If it was all a lie  
Because it seemed so easy  
When you said goodbye  
I'm trying to see, baby  
How it's gonna be  
It's useless I know  
Each day goes so slow  
But I'll always try, babe  
Can't accept your goodbye  
I'll remember your voice  
So soft as you'd sigh  
Words of love to me  
Of how it would always be  
And how the cloudy days  
Had all gone by  
But now I'm wonderin', babe  
If it was all a lie  
Because it seemed so easy  
When you said goodbye  
If I could stop  
Tell my heart not to love you  
I'd have no reason to go on  
I'm trying to see, babe  
How it's gonna be  
It's useless I know  
Each day goes so slow  
But I'll always try, babe  
Can't accept your goodbye  
I'll remember your voice  
So soft as you'd sigh  
Words of love to me  
Of how it would always be  
And how the cloudy days  
Had all gone by  
But now I'm wonderin', babe  
If it was all a lie  
Because it seemed so easy  
When you said goodbye  
Because it seemed so easy  
When you said goodbye  
Because it seemed so easy

When you said goodbye...
