

Party's Over

The Raspberries

When we started it was a lot of fun
And the times we had I'll never forget
But now I'm older and wiser and a bit of a miser
And it's crazy but I don't want to quit
Ain't it a shame, the party's over
Yeah, we couldn't keep foolin' around
Ain't it a shame, the party's over
Yeah, we got to keep our feet on the ground
Broken-hearted, it ain't a lot of fun
Though I have to I can never forget
And so I'm older and brighter and a bad criticizer
And I'm crazy but I don't give a shit
Ain't it a shame, the party's over
Yeah, we couldn't keep foolin' around
Ain't it a shame, the party's over
Yeah, we got to keep our feet on the ground
My old lady don't see a lot of love
But my guitar, I give it all it can get
So if the moment ain't rowdy, I'll party all night
And call me crazy, but I ain't gonna quit
Ain't it a shame, the party's over
