

# Forget That You're Young

The Raveonettes

And I see you...  
And I know that you're so young.  
And I choose you...  
And I know that you're so young.  
And I need you...  
And I know that you're so young.  
And I catch you...  
And I forget that you're young.

Can I fall awake now?  
Can I fall awake now?  
Can I fall awake now?  
Can I fall awake now?

And I hold you...  
And I forget that you're young.  
And I kiss you...  
And I know that you're so young.  
And I need you...  
And I forget that you're young.  
And I please you...  
And I know that you're so young.

And I hurt you...  
And I forget that you're young.  
And I scare you...  
And I forget that you're young.  
And I leave you...  
And I know that you're so young.  
And I miss you...  
And I know that you're so young.

Can I fall awake now?  
Can I fall awake now?  
Can I fall awake now?  
Can I fall awake now?  
(And I forget that you're young)

And I forget that you're young...
