

# Hallucinations

**The Raveonettes**

Observe my obsession with someone new  
Don't feel like someone new  
The connection is real with someone new

In this tomb I call love  
I get so lonesome with you  
Or without you sweetheart  
The hellhound's here

Hallucinate my love  
Nothing's real in the morn  
when I rise I'll leave you to die  
You to die, you to die
