

Last Dance

The Raveonettes

1. Your lipstick
Smeared beside
I adore you
I always have
And everytime you overdose
I rush to intensive care
Another said I stare
Before you disappear

R: If this is the last dance, this is the last dance
Then, save it for me baby
If this is the last dance, this is the last dance
Then, save it for me baby
Ooh, ooh
Then save it for me baby
Ooh, ooh
Then, save it for me baby

2. Your addiction
And you are in love
Not starcrossed
I wait my turn
And everytime you overdoes
I rush to Intensive Care
Another said I stare
Before you disappear

R: If this is the last dance...
