

## Let Me on Out

The Raveonettes

You feel that I have gone too far  
You feel that I have gone too far  
You feel that I have gone too far  
You feel that I have gone too far

I feel that you have done  
I feel that you have done times  
Good times

And how we loved, and how we tried  
And how we fell apart  
And how we loved, and how we tried  
And how we fell apart

Let me on out, let me on loose  
Let me find someone new  
Let me on out, let me on loose  
Let me find someone new

Make me find someone new
