

## You Hit Me (I'm Down)

The Raveonettes

Do you sleep all alone?  
Do you sleep to forget?  
Long passed over you  
That love once knew

Yeah it was from the streets, you came to the door  
It hurt for long, like never before!  
Poisoned your heart, burned down your cheeks  
Forever more love don't speak  
You, you hit me, I'm down!  
You, you hit me, I'm down!

Yeah, you ran right back when you ran away  
You act by night, you try by day  
The voice in your heart, [?] your chase  
Forever and more of love don't speak!  
You, you hit me, I'm down!  
You, you hit me, I'm down!  
You, you hit me, I'm down!  
You, you hit me, I'm down!

You, you hit me, I'm down!  
You, you hit me, I'm down!  
You, you hit me, I'm down!  
You, you hit me, I'm down!  
You, you hit me, I'm down!  
You, you hit me, I'm down!  
You, you hit me, I'm down!  
You, you hit me, I'm down!
