

A Little More

The Ready Set

(Gotta try to give a little more love)

All eyes, always on me
But you're so, ever so sweet
I know, sweeter than me, I know
Baby, I see that you
Just think about we
While I just think about me, I know
That you're runnin' all day
I know it's a terrible thing
But I've got a plan this time

[Chorus:]

Girl, I gotta show, wanna let you know
When you're low, you will never be alone
Gotta try to give a little more love
If you wanna roll, I've got another run
Let's go, baby, we could be alone
Gotta try to give a little more love

Blamin' everything on you
When I should be sayin'
I know I don't say "I'm sorry", sorry
So I'll try every time I see you
To tell you just how I need you
Here in my life, I need you
Here at my side, but I've got a plan this time

[Chorus x2]

(Gotta try to give a little more love) [x2]
