

Are We Happy Now?

The Ready Set

The more I get, the less I want it.
The best is yet to come or so they say,
Well my head's like-
"I could do better, I should feel better (so tell me)
when's it gonna let up?" (Woah oh)

She said boy you better slow down take it in
You toss and and then you turn till you break and bend.
Blackout in the blue and it starts again,
Now that night has been stuck in my head.

Are we happy now? Yes. No, guess again.
I get everything I want, then I'm over it.
So remind me what I got so I don't forget,
I know I gotta smile but I haven't yet,
Are we happy now? Yes, no, guess again. Guess again.

The stars I catch, are always fading
Am I the only one to see it?
Should I listen to my heart when my head's like-
"I could do better, I should do better. (so tell me)
when's it gonna let up?" (woah oh)

She said boy you better slow down take it in
You toss and and then you turn till you break and bend.
Blackout in the blue and it starts again,
Now that night has been stuck in my head.

Are we happy now? Yes. No, guess again.
I get everything I want, then I'm over it.
So remind me what I got so I don't forget,
I know I gotta smile but I haven't yet,
Are we happy now? Yes, no, guess again. Guess again.
