

## Back to Back

## The Ready Set

My mind has left the building  
And I shouldn't be speaking,  
But now I can so I will  
And I'll tell you the truth  
I said these terrible things  
That she's done to me  
Tend to creep into my dreams  
And it's impossible to sleep

To my left is a beauty  
Sleeping beauty, yeah she's pretty  
B-but now I'm quickly finding out  
That looks can be deceiving  
And I say to her face  
But I miss the taste  
Of blood in my mouth  
When she is knocking me out

(Hey)

Rock Bottom  
Have I sold my soul  
I don't wanna-wanna know  
I've gotta fall  
Back to Back to back  
In love with you  
I'll take the black and blues  
I've got everything to lose  
I've gotta fall  
Back to back to back  
In love with you  
What else can I do?  
Oh Yeah, Everything that I should lose  
Everything I gotta lose

Oh OH!  
Oh Oh Oh Oh  
E-e-everything I gotta lose  
Oh OH!  
Oh Oh Oh Oh

The arrow missed (H) Oh! The mark  
And now I'm finally  
Finding out  
Having doubts  
She's been bringing me down  
It's been a terrible dry spell  
The last time the rain fell  
We had only met and it was prior  
To our day  
We're going out  
Better get her,  
Wish I never met her  
But I did so I do  
Everything and it's clear  
But she was so greatly  
She seems to hate me

Head in the clouds  
I let her knock me out  
(Hey)  
Rock bottom  
Have I sold my soul?  
I don't wanna-wanna know  
I've gotta fall  
Back to Back to back  
In love with you  
I'll take the black and blues  
I've got everything to lose  
I've gotta fall  
Back to back to back  
In love with you  
What else can I do?  
Oh Yeah, Everything that I should lose  
Everything I gotta lose

Oh OH!  
Oh Oh Oh Oh  
E-e-everything I gotta lose  
Oh OH!  
Oh Oh Oh Oh

OoooOooOOOh

It's time to leave here  
And stop pretending  
That it's worth mending  
(Yeah)  
It's time to let my love break free  
(Whoa-oh-oh)  
It's time to take my heart  
In my own hands, in my own hands  
(Yeah)  
Cause you were all I'll never need

I'll fall  
Back to back to back  
In love with you  
I'll take the black and blues  
I've got everything to lose

Back to back to back  
In love with you  
I'll take the black and blues  
I've got everything to lose  
Oh I've gotta fall  
Back to back to back  
In love with you  
What else can I do?  
Oh Yeah  
Everything that I should lose  
Everything I gotta lose

Oh OH!  
Oh Oh Oh Oh  
E-e-everything I gotta lose  
Oh OH!  
Oh Oh Oh Oh

Yeah!  
Yeah!

Yeah!
