

# Freakin' Me Out

## The Ready Set

Hey I'd like to stay a little longer,  
Though I wouldn't want to come off like a hope-monger and,  
Hey ain't it strange when you get the joke the next day?

Well we danced alone  
While everyone cashed out,  
Told me that you insist  
And we got the last song stuck in our heads  
It goes a little like this

Blame it on the wine, the night  
We were talkin' till dawn  
Like that you had me down for the count  
Never thought you'd make a move  
Out of the blue  
I love the way you're freakin' me out

Oh I love  
(I love)  
The way  
(the way)  
I love the way you're freakin' me out

Hey I bet they never saw it comin'  
Thinkin' what could be the harm in passin' out with shoes on  
Strange, all those films from the 80s end this way

Where we danced alone while  
Everyone cashed out  
Come on now I insist  
And we'll get the last song stuck in our heads  
It goes a little like this

Blame it on the wine, the night  
We were talkin' till dawn  
Like that you had me down for the count  
Never thought you'd make a move  
Out of the blue  
I love the way you're freakin' me out

Oh I love  
(I love)  
The way  
(the way)  
I love the way you're freakin' me out

Oh I love  
(I love)  
The way  
(the way you freak me out)  
I love the way you're freakin' me out

So don't stop, don't stop  
Ooh you caught me off guard  
Don't stop  
I love the way, the way you don't stop  
Don't stop

Ooh you caught me off guard  
Don't stop  
I love the way you're freakin' me out

Dancin' alone while  
Everyone's cashed out  
Come on now I insist  
And we'll get the last song stuck in our heads  
It goes a little like this

Blame it on the wine, the night  
We were talkin' till dawn  
Like that you had me down for the count  
Never thought you'd make a move  
Out of the blue  
I love the way you're freakin' me out

Oh I love  
(I love)  
The way  
(the way you freak me out)  
I love the way you're freakin' me out  
(freakin' me out)

Oh I love  
(I love)  
The way  
(the way you freak me out)  
I love the way you're freakin' me out

I love the way you're freakin' me out  
I love the way you're freakin' me out
