

# Hollywood Dream

## The Ready Set

She's a hollywood dream  
Straight from an a list movie scene  
Living the camera life  
Oh, she is the queen of rodeo drive

I am a midwest boy  
Straight from a small town with a voice  
Screaming 'I want her with me'  
She could be the hills to my beverly, my beverly

She's a beautiful ray, a social light  
A paparazzi flash on a friday night  
She got me talking kinda fast like I'm on the fly  
I gotta get her here, oh-oh oh-oh

On the front of the magazines the world over  
I'm looking at her pretty face at every turn  
Loving the way she drives a range rover  
She's independent, oh-oh oh-oh

Ce-ele-ebrity, come and be with me  
Ce-ele-ebrity, come and be with me  
Cuz  
I really think you might like my style  
Take a break, get away for a while  
Don't got a lot but I got a smile  
I'd like to show you

Can't look away from her magnetic gaze

Killing me slowly when  
Her lips are talking  
When I untie my t-t-tongue I swear I'll say

Would you trade L.A. to come into my world  
Couldn't ask for nothing more
