

Operator

The Ready Set

I miss you when you're gone
a heart without a home
just tell me it will be ok
I need ya can't get enough of your face.
I miss the way you called
when you put me on hold
I keep the words you throw away
I want ya but what you want from me is a chase.
And then I tripped
and fell in love love love
I will never ever be the same.
Soon as we kissed
and girl you're bad for my health
I need help.
D-D-D-D-Doctor.

[CHORUS:]
911
what's the problem
she's breaking my heart for fun
so watcha gonna do?
I need a cure
oh yeah
a love eraser
cause nothing I'm doing is working.
911
what's the problem
she loved me like a hit and run
so watcha gonna do?
I'm gonna run
oh yeah
I'm gonna fly away
so tell me operator how do I operate her?

I see you in my dreams
a picture perfect theme
exposure never comes out right
I took my time got the focus right tonight.
And then I tripped
and fell in love love love
oh I never should've played this game.
Soon as we kissed
and girl you're bad for my health
I need help.
D-D-D-D-Doctor.

[CHORUS:]
911
what's the problem
she's breaking my heart for fun
so watcha gonna do?

she loved me like a hit and run
so watcha gonna do?
I'm gonna run

[BRIDGE:]

I can feel I can feel I got no control
it's just push and pull
when will I learn that
everything about that girl's bad
tell me operator how do I operate her.
D-D-D-D-Doctor.
