

You Talk and I'll Listen

The Ready Set

And what a heart you've got inside your chest
It's another song worth singing
Oh I'm not here (I have held my breath all week)
Finally, finally

Ooh lucky boy, lucky boy (it is love)
Please tell me it's love
Ooh Lucky boy, lucky boy, (this is love)

And I'm afraid that I can't paraphrase
Oh just let me feel (just let me feel) the way I want
My heart sings a solemn song
You know I look; I looked at you in silence
Twilights such sweet, sweet thoughts
Your lips are smooth; your cheek will soon press mine

Ooh lucky boy, lucky boy (it is love)
Please tell me it's love
Ooh lucky boy, lucky boy (this is love)

Your breath is cold (your breath is cold)
Your eyes are wide
Were in the sky (in the sky)
Were soaring
The sea is cold (the sea is cold)
My heart is (its palpitating)
It's palpitating
(So damn fine)
(Do my best)
Oh I love
(Sweet girl)
I love
Sweet girl
(I love)
I love your mind

Ooh lucky boy, (show me love) lucky boy
Please tell me it's love
Ooh lucky boy, (teach me strength) lucky boy
Teach me, teach me your strength
Ouuu lucky boy, lucky boy (hold me down)
Please tell me it's love (down tonight)
Ooh lucky boy, lucky boy

Love,
Kiss Me now
