Young Forever

The Ready Set

We'll be young forever
We'll be young forever

We can be like prisoners, yeah
And we can be alone
We can make a mess like no one knows
And risk it on our own

Spendin' the money that we don't have
Cause we don't care, no-oh
Livin' like kings with broken strings
And our face down to the floor

Livin' with our headphones up
We've got sound and that's enough
Nobody can touch us
And we run and we run and we run

Hey, hey, we'll be young forever
We'll be young forever 'til forever stops
We're singing
Hey hey we'll be young forever
Tonight will last forever 'til our bodies drop
We can run through the night
Write our name up in the sky
got the music on our side
Ain't no body gonna catch us singin'

Hey hey we'll be young forever
On the world forever and we'll never stop

Look at us look at us we'll take the whole world by surprise
Million dollar mindset in place, you can see it in our eyes
Everything here is ours to take so come and take your side

Livin' like kings with broken strings
And the beats so synthesized

We can turn the speakers up
Cause we've got sound and that's enough
Nobody can touch us
And we run and we run and we run

Hey, hey, we'll be young forever
We'll be young forever 'til forever stops

We're singing
Hey, hey, we'll be young forever
Tonight will last forever 'til our bodies drop

We can run through the night
Write our name up in the sky
Got the music on our side
Ain't nobody gonna catch us singin'

Hey, hey, we'll be young forever
On the run forever and we'll never stop

We're gonna rule the world, tonight
The beat of the drums keeps us alive

Tonight will last forever 'til our bodies drop…

Hey, hey, we'll be young forever
we'll be young forever 'til forever stops

We're singin'
Hey, hey, we'll be young forever
Tonight will last forever 'til our bodies drop

We can run through the night
Write our name up in the sky
We can run, run, run away
Ain't nobody gonna catch us singing

Hey, hey, we'll be young forever
On the run forever and we'll never stop

Run, run, run away
We can run, run, run away
