

# Drink Some More

The Real McKenzies

[Intro]

Bb - Eb - Gm - Eb

Bb ...

[Verse 1]

Like a squid, up at dawn  
An' I drag me butt tae me job  
Not a break, front to back  
Kicking balls to the wall  
Down a mile a hole  
Moving mountains of coal  
While here's to hell  
It's ringing my bell  
Sing a song, bang a gong  
And tonight would be good to be bad

[Intermezzo]

Bb - Eb - Gm - Eb

[Verse 2]

So I take a wee dram  
Just to take off the edge  
Whether diggin' a ditch  
Or swinging a sledge  
I drink to ignore high society's crap  
Bot'tla' whiskey in me  
And I ain't even whacked  
Now I know how it feels for the rat  
On the wheel to run for the cheese

[Chorus]

So we drink and we drink and we drink some more  
Oh ohé oh  
The only thing better than drinking for me  
Is when I'm drinking with you and we're drinking for free.  
So we drink and we drink and we drink some more  
Oh ohé oh  
The only thing better than drinking for me  
Is when I'm drinking with you and we're drinking for free

[Solo]

[Verse 3]

I feel drunk and tight  
Just a wee bit tipsy tonight  
It's the best that I've had  
But I've puked on my kilt  
Will you call me a cab  
Will you call me a cab  
For now I must go  
To wake up at dawn  
For a heave and a hoe  
And tonight was good to be bad

[Chorus]

So we drink and we drink and we drink some more  
Oh ohé oh

The only thing better than drinking for me  
Is when I'm drinking with you and we're drinking for free  
So we drink and we drink and we drink some more  
Oh ohé oh  
The only thing better than drinking for me  
Is when I'm drinking with you and we're drinking for free  
So we drink and we drink and we drink some more  
Oh ohé oh  
The only thing better than drinking for me  
Is when I'm drinking with you and we're drinking for free
