

# The Night the Lights Went Out in Scotland

The Real McKenzies

we're lookin' back to see  
the eighteenth century  
talkin' bout the shit that went down  
after the fall of culloden  
that's when prince charlie ran away  
the dragons came, they hacked and slayed  
yeah they burned 'em out  
well i'm not laying the blame  
on anybody alive today  
but the crimes and lies in history shout  
about the night the lights went out  
after endless heinous deeds  
no one was safe  
not a man or a laddie  
not a woman or a lassie  
with blooded cold steel hands  
they began  
to clear the highlands of their nobel clans  
well i'm not laying the blame  
on anybody alive today  
but the crimes and lies in history shout  
about the night the lights went out  
the night the lights went out in Scotland  
the night the lights went out  
yeah the night the lights  
the night the lights x2  
went out.  
well i'm not laying the blame  
on anybody alive today  
but the crimes and lies in history shout  
about the night the lights went out  
the night the lights went out in Scotland  
the night the lights went out  
yeah the night the lights  
the night the lights x2  
went out.
