

Open Eyed Beast Attack

The Red Chord

Don't forget where you are.
Don't forget who got here first.
One by one we'll take it back.
Inch by inch, Here to take it back.
Here it.
Here they come.
Things fall apart.
Obstruct the rules of nature.
The victims are every where.
And if you here them coming then it's time to move.
I think you're mistaken.
Don't you get it?
Around here we just don't play that way.
War.
Ears to the ground.
Ears to the ground.
Ears to the ground.
it's time.
You got me good.
You know I hate that.
When all is said and done, I herd them coming.
I hope your having fun you don't even know what you got
yourself into.
I'm only here to protect what's mine and that's mine.
Why'd you have to make the call?
Stop calling.
Coward.
