

# Choke

## The Red Jumpsuit Apparatus

Look into my eyes  
I am the one who you despise  
Cause I exposed your lies  
And it's my turn to watch you burn (to watch you burn)

I hope you choke  
On the letters that you wrote  
Telling me that you will be here 'til the end  
You'll never see  
A different side to me  
A side that you just did not ever understand

Sing it like last time  
With every line  
Ends with a rhyme  
You'll get great reviews  
But I refuse to be reused (to be reused)

I hope you choke  
On the promises you broke  
Telling me that you would always be my friend  
You'll never see  
A different side to me  
A side that you just did not ever understand

I hope you choke (on the messages you wrote)  
I hope you choke (on the promises you broke)  
I know you'll choke (on the messages you wrote)  
I know you'll choke (I hope you'll choke)
