

## Pull Me Back

### The Red Jumpsuit Apparatus

There's lots of crazy, crazy things  
This world will offer you  
And there's no way to fake  
What you've been through  
So just hold on to what you know is true

Pull me back again  
I need you to  
Hold me from my sin  
Hold me back again  
I need you to  
Pull me from my sin  
Before I give in

At times it seems  
There's nowhere left to turn... It's true  
I'd like to think that  
We could help each other rise above  
The things we're going through

Pull me back again  
I need you to  
Hold me from my sin  
Hold me back again  
I need you to  
Pull me from my sin  
Before I give in

Pull me back again  
I need you to  
Hold me from my sin  
Hold me back again  
I need you to  
Pull me from my sin  
Before I give in

Pull me back again  
Before I give in  
Pull me back again  
Before I give in
