Sit at his right hand and await destiny  
They will be lead to shield his creation  
Burning to keep divinity alive  
The saviours of his throne  
Leave in alliance

Immortality shall fail  
The sentinels of God  
Are certain in their presence  
No battle will transpire  
Almighty protectors  
Lead the fight for truth and innocence  
Be fearless  
And honour will be thrust upon you  
Now is the time  
So stand up and seize the glory  
Withstand vile persuasion  
Keep the hope of the realm close at heart  
Giving their all  
Prepared to shed blood for their kingdom  
Willing to sacrifice their self  
Wings spread on the path of resistance  
Lungs filled with the air of resilience  
But they will meet their tempter  
Before too long  
Rising from the depths of hell  
With plans to leave it all in ruin  
Whispers of deprived falsehood  
A fallacy so foul  
Darkness emerged  
To make an offer they can't refuse
