

## Grand Parade

### The Reindeer Section

I love the way I feel so calm  
I love the way I feel so calm  
although I can hardly wait.  
I hear your voice, it feels like rain,  
I've made my choice, I know.  
I taste your skin, it melts and sings,  
yes, we can win, I'm sure.  
I'll see your heart like golden fire,  
it leads me on for good.
