

# Hang On To Forever

The Rembrandts

Baby, am I chasin' a rainbow?  
Lately, I've been lost in a shadow  
You're nowhere, if you think that I'll always be there  
I'll be there for you now  
When you gonna open up and let me in?  
I can't hang on to forever, baby  
When you gonna let my love for you begin?  
Hey I don't want to bring you down  
But we've come too far to turn around  
We've come too far to turn around  
Baby, tell me where did your heart go?  
Lately, I've been lonely like you don't know  
Is it real, to deny me the way I'm feelin'?  
I feel it for you now  
(chorus)  
We've come too far  
We can never-we can never turn around  
You're nowhere, if you think that I'll always be there  
I'll be there for you now  
(chorus 2x)  
Turn around.....yeh we'll come too far to turn around  
Oh yeh.....don't want to bring you down  
We've come too far to....don't you know we've come too far?  
Oh yeh.....don't want to bring you down (we can never turn around)  
Got a long way to go
