

# The Deepest End

The Rembrandts

Here I go, trustin' someone new  
After all that I've been through  
You'd think that I'd know better  
Should've known, you'd only meet me half the way  
I'm runnin' out of things to say  
Let's talk about the weather  
I THOUGHT YOU WERE AN ISLAND, WHERE I COULD HARBOR ALL MY  
SINS  
AND NOW I'M STRANDED IN THE DEEPEST END  
Where were you, when the candlelights went out?  
Beyond the shadow of a doubt  
I can read you to the letter  
Watchful eyes, lookin' out for someone else  
If you could keep them to yourself  
Maybe then you'd know me better  
(CHORUS)  
And I don't want no one else-I'm gonna stay here by  
myself  
Should I believe my heart or you-And what if I do?  
What if I do?  
(CHORUS)  
Now I'm stranded in the deepest end  
Now I'm stranded in the deepest end  
Yes I am...stranded in the deepest end  
Yeh I'm stranded in the deepest end  
Oh I'm stranded..Yeh I'm stranded in the deepest end
