

## She's Cool

### The Rentals

Hello, my gosh look who's entered the room  
She looks interested and I got nothing better to do  
Well sometimes I am and sometimes I'm not shy  
Seem's we'll be stuck together for sometime  
She's cool  
Green as can be when it comes to most things  
Not the trained proffesional that she comes  
Keep hearing stories of how she's used  
And all the while she complains I'm too smooth  
She's cool  
She's cool  
Well now, who's going to save my drunk girl now?  
Now she's gone home and I've gone away  
We'll who's going to save my drunk girl now?  
Now she's gone home and I've gone away  
She's cool  
She's cool  
She's cool  
Done walk through the same old trap  
Caught up in a big mess with phychopath  
No matter the warnings, I do what I do  
Stuck here trying to justify she's cool  
She's cool  
She's cool  
Well now, who's going to save my drunk girl now?  
Now she's gone home and I've gone away  
Well, who's going to save my drunk girl now?
