

I've thought about this one too much
I know you know it
I wish you would explain to me why you pulled me through this
So soon
So sad
I guess it was just a laugh.
So serious, so sad, so soon
I just left you
I left your whole town, I feel like hell
The ? think you pulled me through
So soon
So sad
I guess it was just a laugh
I know I crowded you
Made you so uncomfortable
I wish I had control and started out more casual
So soon
So sad
I guess it was just a laugh
I guess it was just a laugh
So soon
So sad
I guess it was just a laugh
