

# All Shook Down

The Replacements

Hollywood cops  
Shoot each other in bed  
And I wouldn't go to see 'em  
They put the checkbook to my head

Tinkertown liquors  
Emperor's checkers  
Some shit on the needle  
Like your record

The fifth grippin' week  
An absolute must  
One of the years  
Best ain't sayin' much  
Throwin' us drunk  
As we're starting to drown  
We're all shook down  
All shook down  
Shook down  
All shook down

She don't do dance  
And she don't do us  
The black and white blues  
Oh yeah I got 'em in color

The fifth gripping week  
An absolute might  
One of the years  
Best in sight  
They throw us drunk  
Says we're starting to drown  
We're all shook down, down  
All shook down, down  
All shook down, down  
All shook down, down

Praises they sing  
A register rings  
One of the time  
That nobody brings

Praises they sing  
Shake my hand as I drown  
All shook down  
(Down, down)  
All shook down, down  
All shook down, down  
(Down, down)  
All shook down, down  
(Down)
