

Nowhere Is My Home

The Replacements

I can see the ship's full of holes
Even though
With a heave and a ho
We'll raise the sails
Rent a penthouse but sleep on a bench
Crescent wrench
Take a shovel and a wrench
To this jail

I didn't deserve it
To feel so disconcerted
I didn't deserve it at all

Sun beats down, neck turns red
In a toolshed, piss in the dirt
Cut it on my arm
Well it hurt and bled

Commit a crime, in the world of straw
Perfect flaw
It's like I fall apart

I didn't deserve it
To feel so disconcerted
Nowhere
That's my home, dear
Nowhere
Is where I'm from
Nowhere
Ain't too far from here

Pitch a tent in a parking ramp
Postage stamp
On a milk carton a missing kid
Ends up in the trash again today

And I got no answers
Got no clue
What'll I do?

Nowhere
That's my home dear
Nowhere
That's where I'm from
Nowhere
Ain't too far from here

I didn't deserve it
To feel so disconcerted
I ain't got no answers now
I got no home at all
No no no
Nowhere at all
No no no
Nowhere at all
No no no
Nowhere at all...
