

Treatment Bound

The Replacements

We're gettin' no place fast as we can
Get a noseful from our so called friends
We're gettin' nowhere, quick as we know how
We whirl from town to town, treatment bound

First thing we do when we finally pull up
Get shitface drunk try to sober up
There'll be no pose tonight, no money in sight
Label wants a hit and we don't give a shit

'Cuz where gettin' no place, as fast as we can
We get a noseful from our so called friends
We're gettin' nowhere, quick as we know how
We whirl from town to town, Duluth to Madison
Treatment bound
Gettin' nowhere

Second thing we do is walk around
Go to the job or try to hold one down
There's no mass appeal, carton's asleep at the wheel
Yesterday's trash too bored to thrash

We're gettin' nowhere, fast as we can
We got a noseful, of 'em so called friends
We're gettin' no place, as quick as we know how
We're gettin' nowhere, what will we do now?
