

Never know

The Restarts

There's a better way
You gotta get away
And leave it all behind
Seek and you shall find

Or you'll never know
Bite the bullet and take a chance
Or you'll never know
Don't waste your time sitting on the fence
Or you'll never know
It's your life so make a dent

Time to motivate
And see what you create
There's alternatives
So choose the way you live

Ideas generate
Inactive activates
Tomorrows another day
So shout and have your say
