

State Rape

The Restarts

On a daily basis we are continually saturated
With corporate marketing ads until our brains are
So clogged up with garbage we are left mentally
Fuckin blind

Material possession - status obsession
Consumer addiction - indoctrination
Subconscious invasion - purchase coercion
Sensory perversion - indoctrination

Force fed garbage - brainwashed mind
Force fed garbage - mentally blind

Tune in a station - sensory masturbation
Media penetration - indoctrination
Assume the position - TV addiction
Mental attrition - indoctrination
