

Still Bored

The Restarts

As soon as we get a venue the council shuts it down
Don't wanna pay to play in the poxy part of town
So we make our own fun but from the cops we gotta run
That's why we look so bored so sick of being ignored

Coz we re still bored

Put on a gig - work a p.a.
Pick up an instrument - learn how to play
Start a label - write a zine
Get involved - support your scene
