

The Ladder

The Restarts

Having two faces is better than one
Nose up in the air, sycophant to some
Plastic environment you'll learn to cope
Your idea of living is a fucking joke

Can't you see you're wasting your time
I guess you can't coz you're fucking blind

For this shit I ain't got the time
Social hierarchy acting sublime
Climbing up the ladder never looking down
Wearing your arrogance like a fucking crown
Your idea of living is a fucking joke
