

# Ground Zero

The Retrosic

Try to run  
Try to pray  
But you won't get away

Try to hide  
Try to fight  
But it's your final day

There is scorn  
There is hate  
There is no longer faith

There is wrath  
There is death  
Over Ground Zero

I am made of scorn - and you are the reason why  
I blame this country - and you are the reason why  
I hate this world - and you are the reason why  
That's the cause, why you've got to die

Death over Ground Zero

You won't die for a reason  
You won't die as a hero  
You will die  
At Ground Zero
