

## Quid Pro Quo

### The Retrosic

No one is there to guide us  
Neither a god  
Nor the crown

We won't rest or slow down  
Never, we will wear their burial gown

Ready or not  
There is no time to stop  
This course we have to go

Ready or not  
No matter what  
This time it is quid pro quo

Where's a will  
There is a way  
Through the desert  
And up that hill

Accelerate  
And we will prevail  
Cause never  
We are standing still

Ready or not  
There is no time to stop  
This course we have to go

Ready or not  
No matter what  
This time it is quid pro quo
