

Quid Pro Quo

The Retrosic

No one is there to guide us
Neither a god
Nor the crown

We won't rest or slow down
Never, we will wear their burial gown

Ready or not
There is no time to stop
This course we have to go

Ready or not
No matter what
This time it is quid pro quo

Where's a will
There is a way
Through the desert
And up that hill

Accelerate
And we will prevail
Cause never
We are standing still

Ready or not
There is no time to stop
This course we have to go

Ready or not
No matter what
This time it is quid pro quo
