

Bad Guy Reaction

The Rezillos

Out in the streets in every town
Everybody keeps movin' me down and down
From early morning 'till late at night
Nobody gonna give me no healthy jive

I'm getting that
Bad Guy Reaction
Status contraction all the time
Won't listen to me
You only try to put me down

Don't write my name on every wall
Go breaking window's or telephones
What sounds I rate what movie show
Don't classify me with no-one else

I'm getting that
Bad Guy Reaction
Status contraction all the time
Won't listen to me
You only try to put me down

Bad Guy Reaction
Status contraction all the time
Won't listen to me
You only try to put me down
Don't think I'm stupid
Don't ever try to put me down
