

Love Is A Key

The Rifles

Sitting in the back room
Stirring up the cauldron
Find a feeling
Let it go
Let your inner feelings show
Tearing down the back streets
Screaming with the sirens
Seldom seen is silence
Find a feeling
Let it go
I'll bring the bricks
You build the home
And woo I could be a better man
And grow if you really love me let it show
'Cos love is a key
And my baby she got me low
She got me digging holes
Sitting in the back room
Stirring up the cauldron
Find a feeling
Let it go
Let your inner feelings show
Tearing down the back streets
Screaming with the sirens
Seldom seen is silence
Find a feeling
Let it go
I'll bring the bricks
You build the home
And woo I could be a better man
And grow if you really love me
Let it show
'Cos love is a key
And my baby she got me feeling low
I like her on the knees.
