

## Love Is A Key

The Rifles

Sitting in the back room  
Stirring up the cauldron  
Find a feeling  
Let it go  
Let your inner feelings show  
Tearing down the back streets  
Screaming with the sirens  
Seldom seen is silence  
Find a feeling  
Let it go  
I'll bring the bricks  
You build the home  
And woo I could be a better man  
And grow if you really love me let it show  
'Cos love is a key  
And my baby she got me low  
She got me digging holes  
Sitting in the back room  
Stirring up the cauldron  
Find a feeling  
Let it go  
Let your inner feelings show  
Tearing down the back streets  
Screaming with the sirens  
Seldom seen is silence  
Find a feeling  
Let it go  
I'll bring the bricks  
You build the home  
And woo I could be a better man  
And grow if you really love me  
Let it show  
'Cos love is a key  
And my baby she got me feeling low  
I like her on the knees.
