

Peace And Quiet

The Rifles

I don't see how another day's gonna make us change our minds
So why don't we go separate ways and save us a bit of time
We can't go on trying living behind this worn out and thin disguise
I don't want to try talking it out I don't need another fight
It just won't work when

All I want is a little peace and quiet

I just don't wanna live this way cause lately were up all night

I can't speak freely when your in my face and I don't like to be unkind

But constantly you try and turn it around when clearly its black and white

Somethings gone and now I'm feeling down cause I've been here a million times

It just won't work when

All I want is a little peace and quiet
