

Sweetest Thing

The Rifles

It's 'cos I love you girl I need you more and more
I know I need you girl of that I'm sure I'm sure
And when the rain does come I'll be by your side
You're my summertime I feel I'm alright
Through the winds of time I will not try to fight
Even when you're wrong you're always right

'Cos it's the sweetes thing-it's you that I adore
'Cos it's the sweetest thing my feet don't touch the floor.

And through the years we will grow
And this I feel I hope know.

'Cos it's the sweetes thing-it's you that I adore
'Cos it's the sweetest thing my feet don't touch the floor.

And when it feels like there's a hole inside just reach out
'Cos it's the sweetest thing
Whatever you want now whatever you need now
I'll come running.
