

# Burn On Love

The Righteous Brothers

Woo, woo

Woo

Big flame, little flame  
Seems to me, they're all the same  
Gonna get a lot of girls  
Gonna go 'round the world

So burn on love (You gotta burn on love)  
Let the flame burn high  
So burn on love (You gotta burn on love)  
Until the flame dies  
Then start another fire  
Let your heart desire  
Then burn on, burn on love

Eight love, nine love  
That's the thing I'm thinkin' of  
When a girl takes your hand  
Go ahead and be a man

And burn on love (You gotta burn on love)  
Let the flame burn high (Oh)  
And burn on love (You gotta burn on love)  
Until the flame dies  
Then start another fire  
Let your heart desire  
And burn on, burn on love

Woah, burn on love (You gotta burn on love)  
Let the flame burn high (Oh)  
Burn on love (You gotta burn on love)  
Until the flame dies  
Then start another fire  
Let your heart desire  
And burn on, burn on love  
Gotta burn on love (You gotta burn on love)  
Gotta burn on love (You gotta burn on love)  
You gotta burn on love (You gotta burn on love)  
I wanna burn on love (I wanna burn on love)  
I gotta find me a girl (I gotta find me a girl)  
Burn on some love (Burn on some love)  
Gotta burn on love, I got to keep on burnin'  
Burn on love, I got to keep on burnin'
