

## See That Girl

The Righteous Brothers

See that girl?  
Look at her good.  
That's something you don't  
see every day, now.  
Dig those eyes...  
Ain't they a prize?  
They sure can get to you,  
and, hey now,  
Look at that crazy smile  
I bet you can't believe  
She was mine for a while,  
Ain't she somethin'?  
See that guy?  
Right by her side.  
He's feelin' proud, and  
don't he show it.  
Look and see,  
That could have been me.  
Would you believe I'd go  
and blow it?  
I let her slip away,  
And I tell myself I'm okay  
But it just tears the  
heart out of me  
When I see that girl...  
When I see that girl.

I let her slip away  
And I tell myself I'm okay  
But it just tears the  
heart out of me  
When I see that girl...  
When I see that girl...  
When I see that girl.
