

## Over To You

The Riot

I can see you 'cross endless miles,  
I can see your distant smile  
Hangin' over  
I'm a rover, living all over  
Follow  
Give it time, think it over  
Roll it over  
It's only a matter of time,  
Only a matter of time,  
Before I turn it.  
Only a matter of time,  
Over to you, over to you, over to you, over to you  
I'm a soldier, living by the rules  
So cool  
Silly fool  
I'm a sailor  
Seas, change directions  
With every passing breeze  
Shoot the breeze.
